

Medical
Student/Developer
Vancouver, BC
bguids91@gmail.com

I am a third year medical student at the University of British Columbia with a passion for medicine and technology.

WORK EXPERIENCE

MEDICAL STUDENT INTERN / **CURATIO.ME**

September 2016 - **Current**

As an independent project through school, I have worked with the company to start a Crohn's and Ulcerative Colitis community, where I have developed the medical trackers and medical information for the patients. I have also helped work on other communities, supplying medical information and finding proper resources.

DEVELOPMENT SKILLS

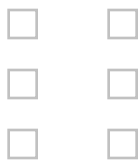

ECOLOGIST / **NATIONAL BISON RANGE**

May 2014 - July 2014

Worked as researcher at the National Bison Range in Montana with Dr. Gary Belowsky. I worked on behavioural ecology project

looking at how population levels changed with seasonal and climate changes. Learned ecological sampling procedures, research techniques and population density graphing.

HIGHLIGHTS

2018

Grand Prize
Winners at
UBC Hacking
Health

2018 National
Aboriginal
Hockey
Championships
Gold Medal
Winners

CUSTOMER SERVICE REPRESENTATIVE / **SCOTIABANK**

January 2011 - May 2014

Worked on the front line with customers dealing with cash deposits and withdrawals, cheques, transfers, bills, money orders, credit card payments and other related banking transactions. Resolved problems and answer inquiries concerning customers' accounts. Gained high customer service level and knowledge of financial information.

STUDENT RESEARCHER / **UNIVERSITY OF NOTRE DAME**

May 2013 - July 2013

Worked as student researcher in Wisconsin, USA with the University of Notre Dame Environmental Research Centre. I worked on behavioural ecology project looking at how invasive and native snail species react to sensing predators. Learned sampling techniques in aquatic and field habitats, experimental design and statistical programming.
